

Fifth Iberian Conference on Photochemistry, UCLM, Toledo, 7-10 September 2016

The Specialized Group of Photochemistry (GRUFO) as part of the Spanish Royal Society of Chemistry (RSEQ) and the Group of Photochemistry of the Portuguese Society of Chemistry (SPQ) invites you to participate in the Fifth Iberian Conference on Photochemistry (5th JIF), <http://www.toledo-photochemistry.es>. The conference will take place in the "Technological Campus of Arms Factory", University of Castilla-La Mancha (UCLM), Toledo (Spain), between 7 and 10 September 2016.

The conference builds on the successful series of others previously conducted (Santiago de Compostela in 2003, Faro in 2007; Granada in 2011, and Lisbon in 2014). Spanish and Portuguese researchers, using light and related technologies for the study of matter will have the opportunity to interact and show their latest developments in the field of photochemistry, photobiology and photonics.

More information in: <http://www.toledo-photochemistry.es>

We hope for your participation and to see you in Toledo.

Best Regards;

Abderrazzak Douhal

Chair of the Congress

Congress sponsorship opportunities:

This Iberian Congress provides a valuable opportunity to promote your company within the scientific Spanish and Portuguese communities that employ light, optoelectronics devices and spectroscopic techniques to study and manipulate matter. You can choose a sponsorship package option as detailed below.

Please, send your selection to:

"congreso.photochemistry.toledo@uclm.es"

Choose sponsorship options:

A- An information sheet of your company included in the conference material. Display the logo of your company on the congress website as well as in the book of Abstract and in its electronic version.

Cost: 350 Euros.

B- Oral Presentation of 15 minutes during the Congress. Display the logo of your company on the congress website, as well as in the book of Abstract and in its electronic version.

Cost: 400 Euros + registration fees.

C- Having a space with a table, two chairs, and electrical connection in the poster and coffee rooms, as well as advertising in the book of abstract and in its electronic version.

Cost: 900 Euros
